The British Skin Foundation is celebrating 20 years of funding skin disease and skin cancer research by holding a **Big Birthday Bake** fundraiser. To date we've funded more than 300 research projects, awarding over £10,000,000 in grants.

Stuck for inspiration? Don't worry! We've got ideas from TV favourite & baking enthusiast, Jo Brand, who shares some of her most loved recipes. This includes a delicious looking *Chocolate Obsession* cake. "It's a bit tricky but delicious, so give it a go," explains Jo!

Celebrity chef Rachel Khoo has also shared a fabulous recipe for a *Salted*

*Caramel Pecan Pie* – a tasty twist on a classic dessert! So grab your apron and give it a try...

### About the British Skin Foundation

The **British Skin Foundation** is the only UK charity dedicated to raising funds for skin disease and skin cancer research. There are **eight million** people living with a skin disease in the UK, some are manageable and others are severe enough to kill. **Seven** people die every day in the UK from skin cancer. **It Takes 7** is a fundraising campaign set up to raise as much money as possible to fund research into skin cancer.

Skin disease doesn't just affect the skin. It can have a huge impact on a person's day-to-day life, crush self-confidence, restrict movement, lead to depression and put a huge strain on families as well as personal relationships. Our unwavering commitment to funding quality research means we won't stop until we've found cures for common skin problems like eczema and acne through to potential killers like malignant melanoma.
